INVESTOR IN PEOPLE

30th March 2010.

Dear Parents & Guardians,

SPORTS
COLLEGES

This missive from me is to inform you that the final reports for the Year 13 students will be issued on the 1st May, shortly after our return to School for the Summer Term.

I have endeavoured to see those students who have fallen below their target grades, as a matter of priority, to discuss their intending plans for Revision and the strategies they might adopt to ensure they do achieve the results they would wish for.

humanities

Meanwhile, it is also my intention to see as many Year 13 students as possible to discuss their intending plans for University, Gap Year or the World of Work.

The Year Group will stand down on 28th May. It is therefore imperative that students make full use of their time between now and then to avail themselves of the final tuition offered in class as well as that given by teachers in revision classes.

If you have concerns regarding any of the above matters, please do not hesitate to contact me or our Sixth Form Co-ordinator Mrs King, at School.

Yours sincerely

Youth Sport Trust

David Young
