

## GO4S Booklet for Parents

You need to ensure you are on the correct site and that we have your correct email address on our school system.

Click on 'first time user' for new parents or 'forgotten your password' for existing parents. You will be asked to enter your email address and there will be a green message at the top of the page to confirm a password has been sent to that email address.

You will need to activate that straight away as there is a time limit.

When you return to the site, enter your email and password (case sensitive so best to copy and paste) then you can change the password to whatever you want but there are specific requirements on length, characters etc.

Welcome!

This is the GO 4 Schools login page for Parents and Guardians

In order to login, you will need to use the email address that your child's school holds for you.

If you don't have a password yet, or have forgotten your password, you can request a password reset email using the First-time User? and Forgotten your Password? links.

If you are having problems logging on, please contact your child's school.

## Our New Assessment at KS3

We will be using 2 types of assessment at KS3. On the 'detailed progress' page above you will already have noticed there are 'low stakes' and 'high stakes' mentioned in several subjects.

### Low Stakes and High Stakes Assessments

Low stakes will be regular short tests which could be:

Online homework on google classrooms, quick quizzes, short recall tests as a starter, end of unit tests, learning of words in preparation for a topic to be covered in class etc.

They could be measured in one of 2 ways:

1. a. A mark which is converted to a percentage.

Examples of what this could look like:

Assessments		Homework		Marksheet: Islam: Knowled	
?	?	?	?	?	?
Islam Knowledge Quiz 1	Islam Knowledge Quiz 2	Islam Knowledge Quiz 3	Islam Knowledge Quiz 4	Islam Knowledge Quiz 5	Grade / level for mark sheet
7					40% ...
11					70% ...
10					60% ...
13					80% ...
13					80% ...

Assessments		Homework		Marksheet: Low Stakes	
?	?	?	?	?	?
Current	Residual scheme for percentages: Residual	Assessment 1- OFFASTMAPS test	Assessment 2- Ballads	Assessment 3- Key terms	Average
70		7			70.0%
70		7			70.0%
70		7			70.0%
60		6			60.0%
40		4			40.0%

- b. A mark which is converted to a percentage but reported in overall mastery bands. You still see the actual mark achieved if it contributes to the 'current grade'

Show: Assessments		Homework		Marksheet: Buddhism: Knowledge Recall					
?	?	?	?	?	?				
End of Year 8	Current	Residual scheme for percentages: Residual	Buddhism Knowledge Quiz 1	Buddhism Knowledge Quiz 2	Buddhism Knowledge Quiz 3	Buddhism Knowledge Quiz 4	Buddhism Knowledge Quiz 5	Grade / level for mark sheet	Risks and opportunities
-	100		15					100%...	
-	66		10					60% ...	
-	53		8					50% ...	
-	73		11					70% ...	
-	33		5					30% ...	
-	93		14					90% ...	

End of Year 8	Current	Residual scheme for percentages: Residual	Buddhism: Knowledge Recall	Buddhism Essay
-	100		100% mastered	-
-	66		60% mastered	-
-	53		50% mastered	-
-	73		70% mastered	-
-	33		30% mastered	-
-	93		90% mastered	-

The above are formative ongoing assessments to measure performance at a particular time. They may initially contribute to a student's current grade but over time will be replaced by:

High Stakes which will be more formal, structured assessments and will measure overall performance.

These will carry higher marks and will always be measured as a percentage. They will always contribute to the 'current' grade

### CATs tests

All Year 7 students at the CATs tests in September. You were sent all the information for the tests at the start of the year with links if you needed more information. These were online tests that measure potential in four different categories:

Verbal Reasoning Battery – thinking with words.

Quantitative (or Numerical) Reasoning Battery – thinking with numbers.

Non-verbal Reasoning Battery – thinking with shapes.

Spatial Ability Battery – thinking with shape and space.

### The Library

This is how to access the library from home

Enter your User name  
Enter your date of birth, eg 02/05/2007

This is your school email address  
This is your 8digit date of birth with no slashes, eg 02052007

A screenshot of the Eclipse.net login page for Coopers Co & Coborn School (RM14 3HS). The page has a blue header with the school name and a search bar. Below the header is a 'Welcome to Eclipse.net HTML5' message. On the right side, there is a 'Login' section with fields for 'User name' and 'Password', and a 'Forgotten Password?' link. A blue arrow points from the text 'This is your school email address' to the 'User name' field. Another blue arrow points from the text 'This is your 8digit date of birth with no slashes, eg 02052007' to the 'Password' field. A black arrow points from the text 'Don't forget to click 'OK'' to the 'OK' button.

Don't forget to click 'OK'

You can do a search in 2 places

You can also do a search in here, which will list all the books and then you can filter

Once you have got to the book you want you can do any of 3 things

## MyOn Reading Facility

To help get started I have added a video on 'Student Introduction to myON' on the link below:

<https://videos.renaissance.com/watch/ssFhSEWAanAHpcDtPCzmCp?>

This is how students will need to login: Please ensure it is **.co.uk** and not **.com**

You then start typing the school name and it will appear:

A screenshot of the myON login interface. The form has a purple background. It contains three input fields: 'School Name' (with 'Coopers Company & Coborn School' entered), 'Username', and 'Password'. A green 'Sign In' button is at the bottom. A 'SECURED SITE' badge is in the bottom right corner. Three red arrows point to the 'School Name', 'Username', and 'Password' fields.

The **username** is the students email address and it is **case sensitive**.

Example: [20HarriLeo@cooperscoborn.org.uk](mailto:20HarriLeo@cooperscoborn.org.uk)

This is exactly as their school email address appears.

The **password** is simply the first part of their email address. I like to keep things simple.

Example: 20HarriLeo

Once logged in by clicking on 'library' and 'browse' you are ready to go.

Every student can create their own preferences to narrow down the book search, can create wish lists which will save the books for them to read at their leisure.
