

## THE COOPERS' COMPANY & COBORN SCHOOL

### SCHOOL UNIFORM SUPPLIER NOTICE

#### Information for parents and carers:

Following our longstanding contract with Premier Schoolwear, the existing school uniform supplier, we are sad to say that this is now coming to an end.

We have entered in to a transition period that will last up until February half term break, 2021. Premier Schoolwear will still be the first point of contact for all school uniform items and this phase will help them sell-off items they have left in stock.

However, should you be unable to obtain the size of the uniform item that you are looking for from Premier Schoolwear, then our new school uniform suppliers are able to be contacted for ad-hoc items. Please note, that the new contracts do not formally start until the February half term break, 2021.

**Please note:** both new companies are just in the early stages of setting up their online shops and have asked for some patience whilst these get established during the transition period. Both providers offer a telephone order service and garment sizing support. They do not have retail outlets, but we will introduce uniform selling events in school when local Covid restrictions and health and safety allows us to do so during 2021.

The current school uniform policy can be located on our school [website here](https://www.cooperscoborn.org.uk/policies/).

The Coopers' Company and Coborn School will be introducing an updated uniform policy from September 2021 that will apply to all new Year 7 and Year 12 students from that date. We will confirm the new uniform policy in the new year. These changes will be phased in for the rest of the school year groups through until September 2022. We will endeavour to have all students in the respective new uniform items by September 2022.

Yours sincerely
