Year 12 Study Skills Session: Maximise Your Potential: Wednesday 13th March

Dear parent(s) and carer(s)

In order to support students as they prepare for their internal examinations in April, we have arranged for external study skills company, '[Maximise Your Potential](#)' to deliver a bespoke study skills and motivational session to all students in Year 12 during Wednesday 13th March in the School Theatre.

Whilst the school has been able to subsidise the cost of the student session, securing such an outside speaker does come at considerable cost, as such we will be asking parents for a small contribution towards the cost of the session.

We are asking all parents/carers for a small contribution of £4 to enable this student sessions to take place. This payment has been activated on ParentPay and we would ask you to kindly make payment by Wednesday 6th March. Unfortunately, if the school is unable to partly fund the event through parental contributions it is at risk of being cancelled.

As part of the preparations for the upcoming examinations, all students in Year 12 will be expected to produce a structured revision plan and to share this plan with Mrs Morse, Independent Learning Supervisor in early March.

Additionally, we will be sharing with students a wealth of information regarding different ways to revise. Over the past 20 years a wealth of neurological research has been published providing different 'learning to learn' strategies. It can be quite difficult for students to navigate the various approaches and techniques; however, we will be sharing a small selection with them. Our 6th Form website has a section dedicated to this topic. For more information, see the links below:
