Beyond 18: Recognition

Top 20 Non-Selective State Schools

1.The Coopers' Company and Coborn School

2.Dame Alice Owen's School

3.JFS

4.Barking Abbey School, A Specialist Sports and Humanities College

5.The Cardinal Vaughan Memorial RC School

6.The London Oratory School

But the elite group also included a small number of non-selective schools, such as Coopers' Company and Coborn school in Havering, which produced high proportions of applicants

According to Mokades, one prime difference was in the quality of a school's careers advice and contacts with recruiters, which could explain why some schools with strong A-level results produced few applicants.
